Top 100 Firm [Marcum](#) announced this week that they will hold their second annual Marcum Women's Forum in New York City on October 27th. Chelsea Clinton is set to be the featured speaker for the breakfast event that looks to discuss topics relating to female leadership in the workplace.

This year's theme will be "Women Having a Voice: Our Health, Our Earth, Our Strength." Speakers will include Mrs. Clinton, Lisa Garcia, vice president of litigation for Earthjustice, and Jeanne Rizzo, president of Breast Cancer Prevention Partners.

"Our inaugural conference in 2016, which featured Erin Brockovich, was standing-room only, and we anticipate that this year's event will be another tremendous success," stated Carolyn Mazzenga, conference co-chair and leader of Marcum's Family Wealth Services group.

"We are deeply honored and excited to present a program with such accomplished speakers, led by Chelsea Clinton, at the 2017 Marcum Women's Forum," said Rorrie Gregorio, leader of Marcum's national Family Office Practice, per a statement.

Proceeds from the event will benefit the Marcum Foundation, which looks to support non-profits in the communities the firm serves throughout the country.
